INVITATION FOR TENDERS

BULGARIA

DESIGN AND CONSTRUCTION OF SITES FOR MANAGEMENT OF MATERIALS FROM THE DECOMMISSIONING ACTIVITIES

AT KOZLODUY NPP UNITS 1-4

This Invitation for Tenders follows the General Procurement Notice for this project which was published in *Procurement Opportunities*, on the European Bank for Reconstruction and Development website on 08 August 2012and in the Bulgarian newspaper Monitor on 09 August 2012.

State Enterprise Radioactive Waste SE (SERAW) hereinafter referred to as the Employer, intends using a Grant from the Kozloduy International Decommissioning Support Fund (KIDSF), administered by the European Bank for Reconstruction and Development (the Bank) towards the cost of the **Design and Construction of Materials from Decommissioning Activities at Kozloduy NPP Units 1- 4 – Project 19-4**. The project is being managed by the Decommissioning- Repository Project Management Unit (D-R PMU) and all questions regarding this tender should be directed to the Head of D-R PMU as noted below.

The Employer now invites sealed tenders from Contractors for the following contract to be funded from part of the Grant:

Design, Engineering, Supply of Materials and Equipment, Construction, Installation, Testing and Commissioning of systems for 4 (four) Sites for the temporary storage of 20’ ISO Containers with RAM and Category 1 Radioactive Waste and Skip Containers with Non-radioactive materials from Decommissioning Activities at Kozloduy NPP Units 1-4, together with associated services and civil works, as well as respective connections from the sites to existing roads.

All four sites are located at KNPP Site, they are outdoors and within the boundaries of the access control area. Three pieces of Single girder bridge crane (loading capacity of 7t and lifting height 5m) shall be designed, fabricated/purchased, installed, licensed and commissioned in order to serve the three parts of Site 3, along with the runway of the crane.

All existing underground infrastructure and technological communications, located below the sites (shafts, technological tunnels, depth benchmarks etc.) shall be kept operable during the construction, as well as the access for their servicing. A dewatering system for rain water and surface water shall be constructed at Site 3, which outflow shall be connected to the existing rain water draining system at KNPP site.

The 20’ ISO containers for Site 4 shall be stacked up to three rows by height and they shall be handled by Laden container handler (Reachstacker) and/or by a Truck Crane.

The estimated contract award is December 2013. The work shall be completed in no more than 17 (seventeen) calendar months after Contract award.

Procurement will be carried out in accordance with EBRD Procurement Policies and Rules. Tendering is open to firms from eligible source of countries, as of July 2013 the countries are: EU member states, Switzerland and EBRD countries of operation.

To be qualified for the award of a contract, tenderers must satisfy the following minimum criteria:

- Eligibility - as above;
- General experience – minimum average annual turnover over the last 5 (five) years of €6,000,000.00 (Six Million Euros) or equivalent;
- Particular experience – successful completion of at least 2 (two) contracts of a similar nature, size and complexity within the last 5 (five) years;
- Personnel capabilities - suitably qualified personnel;
- Financial position – access to financial means to meet the cash flow for the Contract;
- Litigation - no consistent history of litigation awards against the Supplier within the last 5 (five) years;
- Quality assurance - Quality Management System in compliance with the current ISO–9000 standard series or internationally recognized equivalent.

The proceeds of the Grant will not be used for the purpose of any payment to persons or entities, or for any import of goods, if such payment or import is prohibited by a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations.

To be qualified for the award of a contract, tenderers will have to demonstrate to the Employer that they substantially satisfy the requirements detailed in the Instructions to Tenderers and Tender Data regarding their recent relevant experience and capabilities to provide required facilities, plant and equipment and associated services.

Tender documents may be obtained at the Employer's Mailing address listed below, upon submission of a written formal demand and a copy of payment of a non-refundable fee of €100.00 (One Hundred Euros) in cash or by bank transfer to the following bank account:

Corporate Commercial Bank

Head office

10 Graf Ignatiev Street

1000 Sofia, Bulgaria

BG 59 Korp 92201012953001

BIC: Korp BGsf

Recipient: DP RAO

Bank commissions and fees shall be to the expense of the tenderer. The tender documents will be dispatched promptly by e-mail and by courier at the first opportunity, following confirmation of receipt of the fee by the Employer, but no liability will be accepted for loss or late delivery.

All tenders must be accompanied by a Tender Security of €60,000.00 (Sixty Thousand Euros).

Tenders must be delivered to the office at the address below on or before 14.00pm (local Bulgarian time) on **Wednesday, 09 October 2013**. On the same day **Wednesday, 09 October 2013** at 14.00pm (local Bulgarian time) they will be opened in the presence of those tenderers’ representatives who choose to attend.

Tenders delivered after this deadline will be rejected and returned unopened.

Prospective tenderers may obtain further information from the following office:
